

Safe Surgery Saves Lives Collective

People Working Together to Improve Surgical Safety

The Checklist Action Series is the first program to be launched inside the SSSL Collective. It is a three month *virtual initiative* for Canadian surgical programs, teams and individuals to assist with effective implementation of a surgical checklist.

Register for the upcoming wave!

We engage National and International speakers.

This virtual program focuses on **key areas** of challenge through web based sessions:

- Choose and adapt a checklist
- Engage the surgical team
- Integrate the checklist into the workflow and local processes
- Measure success
- Patient engagement
- Implementation, standardization and spread across institutions and large systems
- Improve safety culture

**Share with organizations that are similar size and stage with implementation.
Take advantage of having access to faculty and topic experts.**

Who should join?

- Teams at all stages (thinking about it, started or active implementation)
- Surgeons, Anesthesiologists, QI Professionals, OR Nurses, Nurse Managers, Senior Leaders or any other healthcare professionals

Register now to take advantage of these programs at:

www.safesurgerysaveslives.ca

or contact us at info@saferhealthcarenow.ca

Each webinar session is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada.
