

Join the internationally renowned patient safety event!

The Canadian Healthcare Safety Symposium 2010

October 21 – 23, 2010

Room 204, Brodie Centre

727 McDermot Avenue, Winnipeg, Manitoba

Key areas to be explored:

- √ What are the economics of healthcare safety?
- √ Will better measurement improve safety?
- √ Senior leaders – time to emerge from the safety shadows
- √ How do fatigue and your physical environment shape your performance?
- √ Risk and safety in medicine – revisited
- √ The second victim – the healthcare provider
- √ Do apologies heal?

Come join us to learn more about these topics with dynamic speakers from across the world. Various sessions are available, so feel free to **come and go as you are able**. Check the website for session schedule details.

Schedule:

Thursday, October 21, 2010	0600 hrs – 1400 hrs	Preconference sessions
